Agawam Students Commended

Five students at Agawam High School have been honored with Letters of Commendation for their high performance on the National Merit Scholarship Qualifying Test (NMQT) given last spring. They are among 38,000 students across the nation recognized for scoring in the top two percent of students who will complete high school in 1966. The Commended students rank just below the 14,000 Semifinalists announced last month.

Frederick T. Dacey, the school's principal, has announced that the Commended students are: Gerald B. Cleary, Judith A.

Leno, James E. Michalak, John P. Quinn and Edward C. Stefanik.

John M. Stalnaker, president of the National Merit Scholarship Corporation said: "These students are being recognized for their outstanding performance on the qualifying test. Theirs is a notable academic achievement."

"In a rigorous competition like the Merit Program, it is unavoidable that many fine students will miss being named Semifinalists by a narrow margin. Nevertheless, the student in this situation is very capable and deserves generous recognition for his distinguished effort."

Raymond Saracino Seeks Board of Assessors Post

Raymond Saracino of George St., today announced his candidacy for the nomination to the board of assessors in Saturday's Democratic caucus to be held in the Junior High School.

"I realize that the tax rate is important to all of you, therefore, I promise if nominated and elected to the Board of Assessors, that I will expend my best efforts to maintain and stabilize the tax rate without promising you any deceptive or imaginary plan. As

a candidate for this very important post, I am deeply concerned about our town, its people and the problem of taxes.

"We have been fortunate this past year under the Democratic control of the Board of Selectmen, to reduce taxes and I pledge if nominated and elected to your Board of Assessors, that I will do everything within my power to keep your tax bill down. I'm sure that every one will agree that tax increases are the chief worry of each and every one of us. Therefore, if nominated this coming Saturday to the Board of Assessors, my platform will be that I am unequivocally opposed to any rise in our tax rate and I am also opposed to higher rents. This, therefore, is my only statement prior to Saturday's Democratic Caucus. I ask you then to come out on Saturday and cast a vote (Continued on Page 5)

YOU AND YOUR INSURANCE

(A public service column about property and casualty insurance)
by KENNETH S. RAFFOL

UNLOCKED CARS ARE EASY TARGETS FOR CAR THIEVES

Do you occasionally leave your car unlocked while shopping? When you're in a hurry, do you leave the keys in the ignition or leave the motor running for "just a moment" while you dash into a store to make a quick purchase?

If you do, you may find that one moment of carelessness can cost you your car.

The National Automobile Theft Bureau points out that more than 400,000 automobiles will be stolen in the United States this year if current trends continue. And more than half of all vehicles stolen will have been left unlocked or with the keys in the ignition.

Professional auto thieves can steal your car in spite of locked ignition and doors. The experienced criminal can open a locked car door with a beer can opener, and use anything from tin foil to especially-built electrical devices to start a locked car, all in a matter of seconds.

But, in roughly two out of every three auto theft cases, the thief is not a professional criminal. Law enforcement agencies report that two-thirds of all auto thieves are 17 year old or younger, and not professional crooks. They don't have to be as long as careless motorists continue to leave their unlocked cars as an open invitation to theft.

To prevent theft, the NATB offers these pointers:

Never leave your car unlocked, it only takes thirty seconds for a thief to steal an unlocked car. Always lock the ignition when you park.

"Y" To Sponsor Record Hops

Two record hops will be sponsored by the Agawam Community YMCA this weekend.

On Friday night, a dance for Junior High School students will be held at the South Street School from 7:30 to 10 p.m. Mr. and Mrs. Jack Moltenbrey will be supervisors for this program.

Robinson Park School will be the location for the Saturday night dance for High School students from 8 to 11 p.m. Harry Leonardi and Jack Moltenbrey will be supervisors; William Catelotti will be Disc Jockey for both dances.

KENNETH RAFFOL

Never park in deserted areas or dark side streets if it can be avoided.

Never leave packages or valuables in the car to tempt thieves.

This column will be glad to answer questions you may have about property and casualty insurance. Send them to Kenneth S. Raffol Insurance Agency, 299 Walnut Street, Agawam, Mass.

Conduct Cooking Classes For Back-To-Schoolers

by LOUISE ALLEN

Now that the kids are back in school and in a learning mood, it's the time to take Susie and Janie by the hand and lead them into that great unexplored region—the kitchen.

At the age of eight, most girls are ready for their first cooking lessons.

Here are some pointers for getting them off to the right start.

CLEAN HANDS: This rule is especially important for finger painters and animal lovers.

TIMING: The biggest trick to cooking is knowing just how long each course takes to prepare—and which utensils give even, sure heat to guarantee all foods will be done at once.

TIDY UP: Get the girls in the habit of washing utensils as they finish with them. Pointers on "black magic" non-stick Teflon will be a training short-cut here.

Varied sizes and styles in utensils, such as a divided pan or detachable handles on new Club Aluminum cookware, also simplify kitchen work for young hands. And bright colors of pots and pans will add to the fun of learning to cook.

SOCIAL SECURITY Questions and Answers

QUESTION. People 65 or over who are getting social security and railroad retirement benefits will qualify automatically for the new medicare program of hospital insurance, but they will get the supplemental medical insurance only if they sign up for it. These beneficiaries will get a leaflet in the mail containing information about the program and an enrollment card for the supplementary medical insurance plan to help pay doctors' bills. When can they expect to get the application card and the leaflet?

ANSWER. Over 15 million of these applications will be mailed to the people 65 or over who are receiving social security or railroad retirement benefits. The mailing began Sept. 1. Over 1 million leaflets and enrollment cards are scheduled to be sent out each week, but it will take several weeks, perhaps until December, to finish the mailing. So if you or one of your friends or relatives have not yet received your enrollment application, don't worry: It should arrive within the next several weeks.

QUESTION. I understand that all social security beneficiaries 65 or older will get information in the mail about the new program of health insurance for the aged. What about those people over 65 who, for one reason or

another, are not getting social security benefits? How do they register for hospital insurance and medical insurance?

ANSWER. Anyone 65 or over who is not now getting monthly social security or railroad retirement benefits should visit a social security office to register for the hospital insurance program. At the same time he can enroll in the voluntary medical insurance plan if he wants this important extra protection. Those who enroll for the supplemental medical plan will pay a \$3 monthly premium and the Federal government will pay an equal amount.

A person who is 65 or over on Jan. 1, 1966, has only until March 31 to enroll if he wants to be covered by the medical insurance plan when it starts in July of 1966.

QUESTION. The Social Security Administration is now sending to more than 15 million social security beneficiaries, 65 or over, enrollment cards for the voluntary medical insurance program. Just what is involved in filling out the enrollment card?

ANSWER. The procedure is not at all difficult. The card is small and very easy to fill out. Just check the appropriate box on the card: YES, if you'd like to get medical insurance coverage, or NO, if you do not want this

John B. Hynes, bank commissioner, representing the Commonwealth of Massachusetts, was the first to sign the guest registers at the dedication exercises for the Thompson Bank at Old Sturbridge Village. Looking on are William M. Honey, left, president of the Massachusetts Bank-

ers Association and of the Martha's Vineyard National Bank, Vineyard Haven, and Frank Robeson, host at the Village, dressed in the costume of the 1790-1840 era depicted. The Association voted to sponsor the bank at the Village in 1963 to commemorate the centennial of the dual banking system in the United States.

THAT STUBBORN COUGH

"Coughing better these days!"

Once upon a time that was considered a rather flashing bit of wit. But that was in an older, simpler day when coughs were generally thought of as a natural subject of humor.

Time and improved knowledge have changed that. The subject of coughing now crops up more often in serious medical literature. "The symptoms include a dry cough that lingers... The condition is usually marked by a persistent cough... A chronic cough is among the prevalent signs..." And so on.

What are these ailments that use persistent coughing as a danger signal? Some of them are thoroughly serious: emphysema, chronic bronchitis, asthma, lung cancer, TB. And recently Dr. Bernhard Steinberg, speaking at the annual meeting of the National Tuberculosis Association, mentioned another disease of the breathing system so newly identified that it doesn't even have a name. It affects the lungs and the bronchial tubes, and one of its chief symptoms is — you guessed it — a chronic cough.

The question then arises: exactly what and when is a chronic cough? Doctors identify it thus: "If your cough hangs on for a month or so, if it comes back at

a certain time each day or at certain seasons, you have a chronic cough."

If this means you, the time to do something about it is right now. The highly unpleasant diseases telegraphed by a chronic cough can be treated, usually with success, if found early. Neglected too long, they may resist treatment.

Your local Christmas Seal Association has a free booklet: "Chronic Cough, the Facts." Why not get it and read it? You may be glad you did.

Hundreds of the 198,000 Massachusetts veterans carrying GI insurance are neglecting to keep up to date their listing of a beneficiary for their policy proceeds.

Because of this the insurance may not be paid to the individual nor in the manner the veteran would wish.

A divorced wife or wealthy parent may take precedence over a present wife or children since the VA must pay the proceeds of the insurance policy to the beneficiary designated by the veteran himself.

A recent sampling in which a group of veterans were asked if they wished to change the beneficiary brought six out of ten affirmative replies.

Necessary forms for these changes may be obtained from any VA office in person or by writing directly to the VA insurance office where the veteran pays his premiums.

SPORTSMEN'S CORNER

By Bill Chiba

The Massachusetts Fisheries and Game Board recently voted to retain the early opening date for seasons on grouse and woodcock, after a public hearing at which NO ONE offered any opposition.

The early upland game bird season opens on Oct. 10 of each year for woodcock and grouse only. Prior to 1961, the season on these species opened on Oct. 20 along with pheasants, quail, rabbits, hare, squirrel, etc. It ended on Nov. 28 for woodcock.

The original intent of the gun ban or "holiday" was to prevent pre-season hunting. However, in general the gun ban did not prove to be successful. This was recognized by the sportsmen who filed legislation for its removal.

Only the naive would say "no" pheasants are killed between Oct. 10 and Oct. 20. Certainly an unknown quantity are killed, but no

less would be killed if we reinstated the gun ban.

It should be noted that a great percentage of stocked pheasants are released only three to four days before Oct. 20. As a result, these pheasants are exposed to the potential poacher for only a short period. Further, a check with Law Enforcement shows only a few arrests for pre-season pheasant hunting this year.

Centennial Certificate

Nearly 400 anglers now have handsome certificates attesting to their prowess as anglers and the fact that they caught an out-sized trout bearing a special gold-colored tag this year in celebration of the 100th anniversary of the Division of Fisheries and Game. Now, bird hunters will have the same chance to receive a special Centennial Certificate. A number of cock pheasants have been banded with a special gold-colored leg band. Return a band to the Division and you will receive a handsome certificate.

BAIT FACTS

Ask the average resort operator the best fishing tactics on a hot September day, and nine chances out of ten he'll respond, bait!

Despite accusations that he's prejudiced, and just happens to have a supply of bait for sale, his suggestion is right for most anglers.

Bait is frequently the only answer in hot weather, contend the authorities at Mercury outboards. To elaborate on their observations, they cite two main reasons:

First, the leisurely nature of dunking a minnow causes a slowdown in the pace of fishing to a degree that most artificial baits cannot endure. But this happens to be all the speed a heatwilted fish can muster. As one professional guide advises, "Work it slow. About the time it's going so slow it's going backwards, then the fish can keep up."

Secondly, when fish have to be teased into engulfing an offering dangling before their noses, a natural bait has many advantages. A drifting bait can literally bump across the backs of a school of loitering largemouths without unduly bothering them. But work a deep running plug with its frenzied action in the same area and the erratic unnatural pace is disturbing.

Before chucking all your plugs and rushing down to the nearest bait store check around for advice on which bait is really doing the job. Sometimes you'll find fish are snubbing their noses at readily available minnows or worms, preferring, instead, salamanders, large shiners or other less familiar forms.

If a guide or resort operator insists that baits are best, his reasons and intentions are usually good, assures Mercury. After all, his business depends on his clients catching fish.

Mobile Home Assn. Endorses Tax Raise

The Massachusetts Chapter of the N. E. Mobilehome Assn. at a meeting at the New Ocean House at Swampscott, Mass. voted unanimously to recommend to the Massachusetts Tax Commission that the \$4 per month license fee for mobile homes in mobilehome parks in the Commonwealth of Massachusetts be increased to \$6 per month, due to the fact that mobile homes have increased considerably in value and size.

Frank J. Sparks Jr., Executive Director of the N. E. Mobilehome Association stated that a

great deal of time has been spent by the Massachusetts Mobilehome Commission as well as the N. E. Mobilehome Association in regard to the tax situation in the Commonwealth of Massachusetts, and that at present the Massachusetts Commission on taxation is reviewing the taxation on Mobilehomes and the 50 percent increase seems to be justified, and will be supported by this Association.

CHALKLINERS ANNOUNCE PLANS

The Executive Board of the Chalkliners, Inc., Agawam Community Theatre, has voted to honor an early request to do the fall production for the benefit of the Scholarship Fund of the Agawam Woman's Club. The group's policy to turn over profits of each production to a worthy cause is by majority vote, after considering membership suggestions. However, requests received from outside the membership are given first consideration.

A program, diverting from the usual three act play, has been enthusiastically agreed upon and will offer audiences a variety of interest and enjoyment. "An Evening With Living Theatre," will be presented. The program, a full evening's entertainment of four one-act plays, was selected to enable the group to use a versatile range of acting roles and more importantly to satisfy the diversified interests of audiences. A total of more than 40 members will be actively participating, at least 25 of whom will have on-stage positions.

Careful selection of the plays to be presented will offer "something for everyone." The 1965 entry in the Berkshire Drama Festival and the New England Theatre Contest will be repeated for the majority who missed it. The Chalkliners placed in top third with its performance of "This Night Shall Pass." in Worcester. A tense drama, this play will be the "heavy" vehicle of the evening. Following will be a gentle comedy, full of humor and sentiment, "Mr. Flannery's Ocean," from the well-known and excellent writings of Lewis John Carlino. A mystery drama with tragic overtones entitled, "No Illusions," has been written by

MRS. CHARLES DELISO

Goldie Sutton, now writer-in-residence with the Chalkliners. A unique and delightfully hilarious comedy ending to the evening will be with A. A. Milne's, "Man in the Bowler Hat."

Mrs. Edward A. Pettis, Mrs. Alfred E. Ingalls, Mrs. Harry Sutton, Mrs. John R. Boldebook, Mrs. Philip Nassif, Mrs. George L. Reynolds, Mrs. Henry G. Dickinson, Mrs. Erwin H. Werthamer, Mrs. Bruce Notman, and Mrs. Charles L. Mortenson will be working with the Scholarship Trustees, Mrs. Charles Deliso, Mrs. Harry Prior and Mrs. A. Duane Stebbins.

"An Evening With Living Theatre," will be presented on Dec. 3 and 4, at the Agawam Junior High School at 8 p.m. Tickets will be available from any of the above or members of the Chalkliners.

Wilson-Thompson Unit #185 will hold an open meeting on Monday, Oct. 18 at the Legion Home on Springfield St. The public is welcome to attend and hear of Girl Stater Jacqueline Bouley's experiences at Bridge-water State Teacher's College. Invited guests will include Miss Bouley's parents, and her alternate Donna Judd with her par-ents.

The Post and Unit are con-tinuing with their plans for in-stallation of officers to be held at the Agawam Junior High School on Friday, Oct. 29 at 7:30

p.m. The public is invited to the installation and to the reception to be held at the Legion Home following the ceremonies.

Membership

Although dues are not out-standing until the end of 1965, many members prefer to pay them before installation. Treas-urer Mrs. Gladys Catchepaugh will accept payment from those who wish to do so and send the members their new cards.

Scouts Attend O. A. Conference

Four members of Boy Scout Troop 89 sponsored by the Aga-wam Lions Club recently partici-pated in the 50th Anniversary of the Order of the Arrow held at the University of Indiana in Bloomington, Indiana. They are Mark Andrews, Douglas Grant, Kevin Littlefield, all Junior Offi-cers of the Troop, and Mr. Rich-ard Gingras, advisor to the local Allogagan Lodge of the O.A.

The Order of the Arrow, an honor camping lodge, was found-ed by Dr. E. Urner Goodman on July 16, 1915 at Treasurer Is-land Scout Camp in the Phila-delphia Council. When Dr. Good-man (a young man at age 83) was introduced at the conference, the 4500 delegates representing every state responded with a standing ovation honoring a great man who has dedicated his life to scouting.

2000 Mile Trip

The local delegation of 35 boys and five leaders traveled to and from the conference in a char-tered bus covering a distance of more than 2,000 miles. An itiner-ary of the trip included stops at many interesting places. Among them were a tour of Gettysburg, where the three-day historic bat-tle was enacted on a huge elec-tric map, a tour of the Wright Patterson Air Force Base Mu-seum where the History of Flight is dedicated, a visit to the Edsel Ford Museum in Dearborn, Mich. and then a trip into Canada from Windsor to Niagara Falls.

TO KEEP YOU
"FLOWER-FRESH"
AWAY WITH
SPOTS AND STAINS!

ACT AT ONCE! The minute an accident occurs, sop up or scrape off as much of the spilled material as possible with clean dry cloths or a dull knife. Speed is essential, as most spots should be treated while fresh or wet. Once they are "set" they are often hard to remove—sometimes im-possible, because most stains con-tain some chemical which can change a color or even change the chemical character of the dyes and the fabric itself. Sticky or lumpy spots often produce un-sightly marks which can perma-nently alter your carpet and has-ten wear; so tackle these quickly—don't wait a minute.

REMEMBER—some stains can be treated effectively only by a professional cleaner with special skill and knowledge. We suggest you first 'phone your Duraclean dealer for advice, if he is avail-able. The methods given here, using only Duraclean FOAM or SPRAY spot removers and com-mon household products, while not as good as professional ad-vice, will do the best job in an emergency. They should not "set" a stain nor harm fabrics in any way.

IF A STAIN PERSISTS after you have used these methods, call in an expert. For rugs and up-holstery, your Duraclean dealer is your best bet. He has the pro-fessional know-how to do the job right. In some cases, he can sup-ply you with his professional type products known as SPOTCRAFT, to enable you to "do-it-yourself."

AFTER ANY SPOT HAS BEEN TREATED—when you have com-pleted any spotting process, as an extra precaution, spray the area with Duraclean SPRAY spot re-mover. This not only assures more complete removal of the stain; but it will help to prevent sur-face discoloration which may oc-cur from slow drying. The SPRAY will continue to absorb small quantities of the stain that "wicks" to the surface during the drying process. This is especially important for rug and upholstery spots.

Under the direction of the Aga-wam Lions Club Boys and Girls Committee, the Club will conduct a sale of Halloween Candies to each home in town starting next Saturday and continuing for the next two Saturdays. The funds realized from this drive will be used in their community efforts for the betterment of their civic duties and continue to be of help to our townspeople who look to them for assistance. The picture shows Committee Chairman Lar-ry Andrews selling the first bag of candy to Mrs. Joseph Hebert of Campbell Drive and collect-ing \$1.00 per bag.

At last night's meeting, Lion James Clark gave a very fine talk on "Education and Our Aga-wam Schools" and brought out things very few know about. Program Chairman Louis DePalma continue to bring in very interest-ing speakers.

The Club wants to thank all those who patronized the con-cession at the Eastern States Ex-position, and all those who in any way helped out in making this
